Silvercrest Asset Management Group Inc. Reports Q1 2014 Results

New York, NY – May 14, 2014 - Silvercrest Asset Management Group Inc. (NASDAQ: SAMG) (the "Company" or "Silvercrest") today reported the results of its operations for the quarter ended March 31, 2014.

Business Update

Silvercrest experienced solid growth in its assets under management for the first quarter ended March 31, 2014 along with increased revenue. As of March 31, 2014, assets under management had risen to \$16.2 billion from \$15.7 billion as of December 31, 2013. The firm's growth was due to strong organic growth in both our core family wealth business and continued progress building our institutional business. We are pleased with continued progress on our growth strategy due to the dedicated efforts of the firm's partners and employees.

Our next dividend will be \$0.12 cents per Class A share payable on June 20, 2014 to Class A shareholders of record on June 13, 2014.

First Quarter 2014 Highlights

- Assets Under Management ("AUM") of \$16.2 billion at March 31, 2014
- Revenue of \$16.7 million
- U.S. Generally Accepted Accounting Principles ("GAAP") consolidated net income and net income attributable to Silvercrest of \$2.2 million and \$0.9 million, respectively
- Basic and diluted net income per share of \$0.13
- Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA")¹ of \$5.0 million
- Adjusted net income¹ of \$2.3 million
- Adjusted basic and diluted earnings per share¹ of \$0.19

The table below presents a comparison of certain GAAP and non-GAAP ("adjusted") financial measures and AUM.

(in thousands except as indicated)	For the Three Months Ended

AUM Increased to \$16.2 billion

Silvercrest's AUM increased by \$2.6 billion, or 19.1%, to \$16.2 billion at March 31, 2014 from \$13.6 billion at March 31, 2013. The increase was attributable to \$1.6 billion in market appreciation in addition to net client inflows of \$1.0 billion.

Silvercrest's AUM increased by \$0.5 billion, or 3.2%, to \$16.2 billion at March 31, 2014 from \$15.7 billion at December 31, 2013. The increase was attributable to net client inflows of \$0.6 billion.

First Quarter 2014 vs. First Quarter 2013

Revenue increased by \$3.0 million, or 22.2%, to \$16.7 million for the three months ended March 31, 2014, from \$13.7 million for the three months ended March 31, 2013. This increase was driven primarily by growth in the Company's management and advisory fees as a result of increased AUM.

Total expenses increased by \$5.0 million, or 63.4%, to \$12.9 million for the three months ended March 31, 2014 from \$7.9 million for the three months ended March 31, 2013. This increase was primarily attributable to an increase in compensation and benefits expense of \$4.5 million. General and administrative expenses increased by \$0.5 million for the three months ended March 31, 2014 from the same period in the prior year. The increase in compensation and benefits expense was primarily attributable to an increase in the accrual for bonuses of \$4.1 million as a result of the recognition of partner incentive payments as compensation expense that began in the third quarter of 2013 subsequent to the completion of our IPO. Prior to our IPO, partner incentive payments were treated as distributions of net income when paid. General and administrative expenses increased primarily as a result of an increase in occupancy and related expenses due to reduced subtenant rental income and an increase to the provision for doubtful accounts due to higher revenue levels.

Consolidated net income was \$2.2 million. Net income attributable to Silvercrest was \$0.9 million, or \$0.13 per basic and diluted share for the three months ended March 31, 2014. The Company's Adjusted Net Income¹ was \$2.3 million, or \$0.19 per adjusted basic and diluted share⁴ for the three months ended March 31, 2014.

Adjusted EBITDA¹ was \$5.0 million or 29.8% of revenue for the three months ended March 31, 2014 as compared to \$4.1 million or 30.2% of revenue for the same period in the prior year.

¹ Adjusted measures are non-GAAP measures and are explained and reconciled to the comparable GAAP measures in Exhibits 2 and 3.

² The Company has computed average AUM by averaging AUM at the beginning of the applicable period and AUM at the end of the applicable period.

³ The Company became the general partner of Silvercrest L.P. on June 26, 2013, but net income of Silvercrest L.P. was allocated to the Company effective July 2013 as allocable net income prior to July 2013 was de minimis. Accordingly, the Condensed Consolidated Statements of Operations for the three months ended March 31, 2013 are those of the Company's accounting predecessor, Silvercrest L.P., and as a result, did not take into consideration changes related to the Company's initial public offering.

⁴ Adjusted basic and diluted earnings per share measures for the year ended March 31, 2014 are based on the number of shares of Class A common stock and Class B common stock outstanding as of March 31, 2014.

Liquidity and Capital Resources

Cash and cash equivalents were \$19.0 million at March 31, 2014, compared to \$27.1 million at December 31, 2013. Silvercrest L.P. had notes payable of \$8.2 million at March 31, 2014 and \$8.3 million at December 31, 2013. As of March 31, 2014 and December 31, 2013, the principal balance on our revolving credit facility with City National Bank was \$3.0 million. In July 2013, Silvercrest completed its initial public offering of 4,790,684 of its Class A common shares at \$11.00 per share (the "IPO"). Silvercrest's stock began trading on June 27, 2013 on NASDAQ under the symbol "SAMG". The net proceeds from the IPO, which were received on July 2, 2013, were \$47.9 million. In connection with the IPO, the Company used a portion of the net proceeds to purchase 3,540,684 Class B units from partners of Silvercrest L.P. for \$35.4 million. The amounts due to Silvercrest L.P. partners were paid out on July 2, 2013. Furthermore, on July 12, 2013, Silvercrest sold an additional 718,603 shares of its Class A common stock at \$11.00 per share pursuant to the underwriters' exercise in full of the over-allotment option that Silvercrest granted to the underwriters in connection with its IPO. The net proceeds from this exercise, which were received on July 12, 2013, were \$7.4 million.

Total stockholders' equity was \$41.3 million at March 31, 2014. The Company had 7,522,974 million shares of Class A common stock outstanding and 4,710,045 million shares of Class B common stock outstanding at March 31, 2014.

Non-GAAP Financial Measures

To provide investors with additional insight, promote transparency and allow for a more comprehensive understanding of the information used by management in its financial and operational decision-making, the Company supplements its consolidated financial statements presented on a basis consistent with GAAP with Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Net Income, and Adjusted Earnings Per Share which are non-GAAP financial measures of earnings. These adjustments, and the non-GAAP financial measures that are derived from them, provide supplemental information to analyze the Company's operations between periods and over time. Investors should consider the Company's non-GAAP financial measures in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.

Conference Call

The Company will host a conference call on May 15, 2014, at 8:30am (Eastern Time) to discuss these results. Hosting the call will be Richard R. Hough III, Chief Executive Officer and President and Scott A. Gerard, Chief Financial Officer. Listeners may access the call by dialing 1-866-394-9665 or for international listeners the call may be accessed by dialing 1-253-237-1128. An archived replay of the call will be available after the completion of the live call on the Investor Relations page of the Silvercrest website at <http://ir.silvercrestgroup.com/>.

Forward-Looking Statements And Other Disclosures

Certain statements in this release, and other written or oral statements made by or on behalf of the Company, are "forward-looking statements" within the meaning of the federal securities laws. Statements regarding future events and developments and Silvercrest's future performance, as well as management's current expectations, beliefs, plans, estimates or projections relating to the future, are forward-looking statements within the meaning of these laws. These forward-looking statements are only predictions based on current expectations and projections about future events. These forward-looking statements are subject to a number of risks and uncertainties, and there are important factors that could cause actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements. Among the important factors that could cause actual results, level of activity, performance or achievements to differ materially from those indicated by such forward-looking statements are: fluctuations in quarterly and annual results, incurrence of net losses, adverse effects of management focusing on implementation of a growth strategy, failure to develop and maintain the Silvercrest brand and other factors disclosed in the Company's filings with the Securities and Exchange Commission, including those factors listed under the caption entitled "Risk Factors" in the Company's annual report on Form 10-K for the year ended December 31, 2013, filed with the Securities and Exchange Commission. The Company undertakes no obligation to update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release. Any discrepancies included in this release between totals and the sums of the amounts listed are due to rounding.

-------------------------------	--------------	--------------

(A) Partner/member incentive allocations have historically been treated as distributions of net income and recorded when paid. Upon the completion of Silvercrest’s reorganization and initial public offering, the Company accounts for partner incentive payments as an expense in its statement of operations. Accordingly, this had the effect of increasing compensation expense relative to the amounts that had been recorded historically in the Company’s financial statements.

(B) Other adjustments consist of the following:

Loss on sub-lease (a)	\$ -	\$ (21)
Client Reimbursement	125	-
IPO professional fees	-	8
Acquisition costs (b)	-	51
Other (c)	-	99
Total other adjustments	\$ 125	\$ 137

(a) Reflects the amortization recognized, on a present value basis, between the per square foot rental rate for the Company’s primary lease and a sub-lease that the Company signed in 2011 with a sub-tenant for its headquarters in New York.

(b) Reflects the legal and accounting fees associated with the closing of the Ten-Sixty Asset Management, LLC acquisition. Also reflects transition expenses related to integrating the Ten-Sixty Asset Management, LLC acquisition.

(c) Represents the accrual of Quarterly Income Payments, as defined in the MW Commodity Advisors, LLC purchase agreement

¹ Returns are based upon a time weighted rate of return of various fully discretionary equity portfolios with similar investment objectives, strategies and policies and other relevant criteria managed by SAMG LLC. Performance results are gross of fees and net of commission charges. An investor's actual return will be reduced by the advisory fees and any other expenses it may incur in the management of the investment advisory account. SAMG LLC's standard advisory fees are described in Part 2 of its Form ADV. Actual fees and expenses will vary depending on a variety of factors, including the size of a particular account. An investor's actual return will be reduced by the advisory fees and any other expenses it may incur in the management of the investment advisory account. Investment management fees have a compounding effect on cumulative results. For example, assume SAMG LLC achieves a 10% annual return prior to the deduction of fees each year for a period of 10 years. If an annual investment management fee of 1% of assets under management for the 10 year period were charged, the resulting annual average return after fees would be reduced to 8.9%. Returns greater than one year are shown as annualized compounded returns and include gains and accrued income and reinvestment of distributions. Past performance is no guarantee of future results. These model portfolios are not actual strategies in which clients can invest or allocate assets. They are hypothetical combinations of: (i) internally-managed strategies in which clients are invested and (ii) externally-managed funds or products in which clients are invested. We track three such portfolios depending on the overall strategy by which the securities purchased may be characterized. They are Income, Growth, and Balanced (Income and Growth). The returns shown assume annual rebalancing and reinvestment of dividends over the entirety of each of the periods shown. Some of the underlying returns used to calculate each portfolio's returns were net of fees and some were gross of fees. The rates of return for each of the three portfolios are presented gross of investment management fees and custody fees, but include the deduction of estimated brokerage commissions and transaction costs. An investor's actual return on a portfolio of the type shown would be reduced by the advisory fees and any other expenses it may incur in the management of the investment advisory account. For example, assume the Firm achieves a 10% annual return prior to the deduction of fees each year for a period of 10 years. If an annual investment management fee of 1% of assets under management for the 10 year period were charged, the resulting annual average return after fees would be reduced to 8.9%. Silvercrest's standard annual asset-based fee schedule is described in Part 2 of its Form ADV, and outsourced Manager's standard annual asset-based fee schedules are described in Part 2 of each of their Form ADVs. Actual fees and expenses will vary depending on a variety of factors, including the size of a particular account. Generally, investment management fees are charged based upon the size of the portfolio, computed quarterly. An investor's actual result would be different from those portrayed in the models. A reader should not infer or assume that any portfolio is appropriate to meet the objectives, situation or needs of a particular investor, as the implementation of any financial strategy, and the purchase or sale of any security, should only be made after consultation with an attorney, tax advisor and investment advisor. Past performance is no indication of future results.

The benchmark is a composite of the S&P 500 Index, the Barclays Capital Aggregate Index, and the HFRI Fund of Funds Composite Index. Each index's blend is rebalanced annually. Index returns do not reflect a deduction for fees or expenses. Investors cannot invest directly in any of these indices.

The market indices used to compare to the performance of Silvercrest's strategies are as follows:

The Barclays Capital Aggregate Index is an index of investment grade government and corporate bonds with a maturity of more than one year.

The S&P 500 Index is a capitalization-weighted, unmanaged index that measures 500 widely held US common stocks of leading companies in leading industries, representative of the broad US equity market.

The HFRI Fund of Funds Composite Index is an index that is equal weighted, net of fees, and comprised of over 1,500 funds which report to Hedge Fund Research.
